Curriculum Writing & the Non-Core Content Areas

!! New Format !!

This webinar will be offered as two, 2 ½ hour mini-sessions in place of one full-day webinar

"My courses aren't MAP courses, so I don't have to even worry about using standards?"
"I've been left alone all these years. Why are you picking on me now?"
"The state already has my curriculum written for me. Why do I need to do anything else?"

So often Curriculum Directors and administrators hear the above comments, plus many more, when beginning to work with the non-core/elective area teachers. Are the comments true? How do districts go about bringing the non-core/elective classes into focus while still allowing them to maintain their own individuality? Come join us as we delve into the world of noncore/elective classes and tackle the hard questions asked by the non-core teachers when it comes to curriculum writing.

Session 1: During Session 1 will focus on the curriculum needs of Computer Science and Practical Arts classes.

Session 2: Session 2 will pick up where we left off in Session 1 by looking at Health & Physical Education Standards, Fine Arts Standards, and Advanced Coursework.

Target Audience: Curriculum Directors, Administrators, Instructional Coaches, non-core content area teachers

Time: 9:00 am – 11:30 am each day

SMCAA Member Fee: $100.00 per training

Non-Member Fee: $130.00 per training

3-day Webinar Training Special! Take advantage of the 3-day **WEBINAR** training special for $240 (a savings of $80.00!) The trainings included in this special are only the ones listed as webinar trainings on the **Core Processes + Development page.** Any member district may attend these trainings. This special runs from July 1, 2023 through June 30, 2024. Email Julie Riley at jriley@smcaa.org today to take advantage of this opportunity!

This training is eligible for districts who have purchased previous purchased Special #1. Please enter Special #1 in the PO field.

Graduate Credit is available for this training, please see the top of our Core Process and Training Page for the Syllabus Hotlink.
